Marcel MALBEC always had bright ideas and was considered to be visionary of his time. Marcel left his native Belgium and cycled through France, settling in Vire-sur-Lot where he produced his first wine in 1892.

## 100% Malbec - France

*There is no hint of wood in this fruity, lightly tannic wine. It has black-currant fruit, just a touch of dryness and juicy acidity. It's a simple, delicious wine that is ready to drink now.*
