

BORDEAUX BLANC

The Sémillon sets the tone. The aromas are a mixture of exotic fruits and floral notes. The well-adjusted acidity awakens the palate and the slight tannic note brought by the pressing of whole bunches gives persistence.

TERROIR: Limestone and clay

DENSITY: 6,100 rootstocks / hectares

VARIETY: 45% Sauvignon, 55% Semillon

AGING: 9 months in French oak (400L, 15% new)

TASTING NOTES: The color is a clear straw yellow, crossed with gray reflections. The interesting olfaction is centered on white flowers and minerality. Ample, round and with sustained acidity, the palate unfolds a long, savory finish, opulent with notes of candied apricots.
