

Château Mondésir-Gazin Bardon

Area : Bordeaux
Appellation : Blaye Côtes de Bordeaux
Cuvée : Bardon
Color : Red
Soil : Clay-limestone
Planting density : 7.400 plants/ha
Yield : 40 hl/ha

Grapes Malbec 100 %

The Malbec grape variety produces wines of an intense color with aromas of black fruits and plum, as well as spices such as pepper and chocolate.

Breeding : 18 months in oak barrels.

Tasting comments :

The color is black! The nose is intense and very complex: small red and black fruits, violet, licorice, undergrowth, cedar, smoky notes... On the palate, the substance is powerful and concentrated, tense by a beautiful acidity, long and persistent. Carafed for two hours, it will offer the pleasure of an original and sweet discovery.
