

## CÔTE DE BOURG CHANTE ALOUETTE

*Natural wine, without added sulphites. On the nose, the varietal aromas of red fruits, blackcurrant and raspberry, dominate. The very ripe tannins bring a lot of roundness.*

**TERROIR:** Limestone and clay

**DENSITY:** 5,500 rootstocks / hectares

**VARIETY:** 80% Merlot, 20% Malbec

**AGING:** 9 months in concrete tank

**TASTING NOTES:** The light cherry of the color arouses lust with its purple reflections. The still young nose oscillates between red fries and morello cherries. Endowed with present but delicate tannins and a long tangy finish, the aromas are oriented towards the undergrowth and gamy.

**Château Mondésir-Gazin**
