

Priorat, Spain

CLOS FIGUERAS GRENACHE SWEET PRIORAT

Produced with overripe Garnacha grapes with the aspect of a red wine, purple colored and with a nose of caramelized apples and herbs. It's a bit weird to find a tannic young red with 92 grams of residual sugar, with 16% alcohol and a pH of 3.1. When and how to drink it remains a mystery to me.

90 points *Robert Parker*
