

Montsant, Spain

COM TU

The 2020 Com Tu comes through as a little riper and with a darker profile of fruit than the 2019 despite having the same alcohol on the label (14.5%). It matured in well-seasoned 4,500-liter oak foudres even though they have already experimented with tinaja and even some glass demijohn. The wine keeps the poise despite the difficulties from the year.
