

la Mesma

Indi con le bolle

INDI with bubbles is a Pet Nat sur lie from Cortese grapes, with spontaneous fermentation and indigenous yeasts.

Producer: La Mesma

Appellation: Ancestrale

Altitude: 350 m above sea level

Grape varieties: Cortese

Training: Guyot

Exposure: South-East

Plants per hectare: 4000

Vinification and aging: The Ancestral Method, as the name implies, is the ancestor of sparkling wine making. The wine is bottled while the first fermentation is in progress, so it is the sugar in the grapes that produces the bubbles.

Serving: INDI with bubbles is a cheerful, sparkling wine to share with friends. You can choose to shake the bottle and drink it cloudy to enhance the complexity of the fine lees or you can pour it slowly without shaking and discover its nuances glass by glass. Either way, drink it well chilled!
