mencia

BIERZO

DENOMINACIÓN DE ORIGEN

LUNA BEBERIDE

It has notes of berries, aromatic herbs and licorice. It has a medium-bodied palate with a velvety texture, contained ripeness, moderate alcohol, a pH of 3.76 and 5.33 grams of acidity, with fine tannins and a slightly chalky feeling. It shows the naked variety, a good introduction to what the grape is. It's fruity but with freshness and less density, quite different from the other reds.

91+ points *Robert Parker*
