

Génération XIX

100% Sauvignon Blanc AOC Sancerre

Génération XIX Blanc, a tribute to the 19th generation of the family name (Alphonse Mellot Jr), is a wine of magnificent balance thanks to the century-old vines at the heart of the Domaine de la Moussière.

Winemaking :

Hand-harvested, 100% wooden vat for 10-12 months, then aged in bulk.

Soil :

Kimmeridgian marl limestone soils known, covering 2.5 hectares.

Aromatics :

This 100% Sauvignon Blanc has a nose of lovely complexity blending honey, lemon, and dried fruit, a brilliant pale gold color, and a full-bodied, fresh, and rich palate with a salty finish.

With a beautiful, virile nobility, Génération XIX white shines with elaborate dishes such as sweet breads, monk fish tail in vinegar, a fish casserole, or a warm apricot tart.

A wine for aging par excellence, Génération XIX white is just waiting to age to reveal its full power and finesse.
