

QUE GUAPO

QUE GUAPO RED BLEND

60% Malbec, 20% Bonarda, 20% Syrah Que Guapo is a popular Spanish expression meaning, you're "looking very good" or "very attractive". As this name and bold, attractive label suggestions, Que Guapo is a new concept in Argentine wines. Honoring tradition while embracing modernity. Que Guapo is a handcrafted wine that blends three complementary grape varieties to achieve greater flavor complexity, elegance and intrigue than one can traditionally expect from a single variety wine.
