2023 Friends and Family

One of the most remarkable vintages we have known, the 2023 Friends and Family is the smallest production but the fullest rendition of this beloved bottling in the winery's history.

A rich, dense core transports a beautiful bouquet of wild forest fruits complemented by intriguing hints of orange zest and savory Virginia tobacco through a polished, lingering finish. Delightful, generous, and full of appeal, this year's Friends and Family delivers loads of joy.
