# CHATEAU GUILLOT-CLAUZEL POMEROL

The 2023 Guillot-Clauzel is gorgeous. Fresh, floral and medium in body, this is all class from start to finish. Since taking over winemaking for this small, two-hectare property in 2018, Guillaume Thienpont has really dialed in the approach. The denser, oakier winemaking of the first few years has evolved into an approach that seeks to exalt the finesse this site is capable of. The 2023 is really quite delicious.
